

Rock Camp Assignments 2014

Learning Your Songs

Below you will find your band assignment and set list. Please work hard to learn your individual guitar/bass/drum parts before camp begins. If you are singing, even more time needs to be spent practicing vocal parts as well as guitar/bass parts. Group time is better spent playing together as band than working on individual parts that should have been learned at home. Those of you who are my students have already received instruction or will soon. If you are not my student please free to call me with any questions about songs or what needs to be learned. Please remember to learn all the parts of your songs from beginning to end. Don't forget about the bridge!

Rehearsals

Each group has a total of five rehearsals including the dress rehearsal. There are two rehearsal spaces, Richard's Music & The Percolator. One the rehearsal calendar Richard's Music is listed as the "red group" and The Percolator is listed as the "blue group". Please look at the schedule carefully because you will not always practice at the same place.

Along with this Rock Camp Assignment Sheet you should also receive a CD with all the songs listed for your band and a rehearsal schedule. If there are questions about anything please call Adrian Rees (785) 727-8621. We can also be reached at our new rock camp email address: richardsrockcamp@gmail.com. Thanks and looking forward to this year!
